

When I began listening to KLOVE I was in a frame of mind where I was sick and tired of other radio stations that promoted sex, drugs, violence, gangs, etc. It was causing me to feel insecure about not being as cool as the songs tell you to be so you can become socially accepted. KLOVE lifts my spirits. I love getting in the car and praising Him while I drive. The message I receive from KLOVEs music is love. It is the only thing God expects from us. It would be so hard for me to go back to the other stations if KLOVE was not broadcasted. It would make me feel dirty. People want to be able to listen to goodness and to feel good about the music they listen to. People want a choice between good and bad. Please let us have a choice in spirituality through the music KLOVE has provided. When I travel it is so encouraging to be able to know I can hear KLOVE across the country without having to listen to commercials about how I need changing. God created me in his image. I have finally accepted who I am and find strength when listening to the spiritual music KLOVE provides.
